Commissioner for Patents

Newly submitted claims 16-34 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the product as claimed can be made can be made by another and materially different process such as surrounding the ream of paper with the ream wrap prior to providing the ream wrap with the tear tape. Moreover, original process-of-use claim 15 is independent and distinct from new claims 16-35, since the process-of-use claim 15 can be practiced with a wrapped ream of paper wherein the tear strip partially surrounds the width of a wrapped ream of paper.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 16-35 have been withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The amendment filed on 05/29/2007 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention for the reasons set forth above.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
